

OUR PROGRAMS

At Grace at the Greenlight we believe that everyone deserves to be treated with grace...to have a hot meal everyday...to be part of a community...and, when possible, to go home, again. Our programs strive to embody our spirit of grace by providing for the basic needs of people who are homeless with compassion and dignity.

Grace's Meals with Love

A hot breakfast is served seven days a week, 365 days a year to homeless living on the streets in New Orleans. With the help of our partners at *Living Witness Church*, participants dine in a community hall with other homeless and volunteers, fostering an environment of inclusion and support. We invite members of the community to join us by sponsoring the program, serving meals, or providing fellowship.

Grace's Water for Life

Water is one of the basic needs for human survival. All too often, people who are homeless are also dehydrated, making them more susceptible to illness and injury. Grace volunteers distribute water 7 days a week at locations throughout the city.

Going Home Again

Our family reunification program connects people who are homeless in New Orleans with loved ones across the country. With the support of Grace's trained program staff, the homeless reconnect with family and friends who can give them a stable home while they regain independence. Grace's staff provide information on resources at their destination city and a follow-up care plan to insure long-term success.

Grace Care Bag

Packed for the trip home, this bag contains assorted sandwiches, snacks, juice and water. We also include reading materials, puzzle/coloring books, pencils and crayons, and contact information for community resources in their new home city.

Caring for Others...Every Day

Grace at the Greenlight is the only New Orleans nonprofit serving meals to our city's homeless 7 days a week / 365 days a year. Your donation insures we never miss a day or a chance to help!

What GRACE means to US...

Grace at the Greenlight is hard at work every day, providing assistance to the New Orleans homeless community. But we are not just a place to get a meal or a bus ticket home. We provide open arms to improve the quality of life for each person who comes to us for help. Without judgment or accusation, we do our best to educate and support every human being who walks through our doors. We are dedicated to the potential success of each homeless individual in our community - will you help us make a difference in their lives?

How YOU can HELP...
